Beginning Introduction: Addition or Subtraction Sign? Single and Double Digit

Write a Plus (+) or a minus (-) sign in the circle to make the number sentence true.

Basic Skills

1. Look at the numbers before the equals sign.

$$9 \quad \bigcirc \quad 3 \quad = \quad 12$$

2. If they are less than the number after it, add a plus sign.

$$9 \quad + \quad 3 \quad = \quad 12$$

1. Look at the numbers before the equals sign.

$$3 \quad \bigcirc \quad 3 \quad = \quad 0$$

2. If one is greater than the number after it, add a minus sign.

$$3 \quad - \quad 3 \quad = \quad 0$$

Basic Skills Problems

$$4 \quad \bigcirc \quad 1 \quad = \quad 5$$

$$10 \quad \bigcirc \quad 7 \quad = \quad 3$$

Practice Problems

$$1. \quad 17 \quad \bigcirc \quad 11 \quad = \quad 6$$

$$2. \quad 6 \quad \bigcirc \quad 3 \quad = \quad 9$$
