

### Independent Practice 2: Reading and Making Line Graphs

Create line graphs using the information from the next two tables.

						Growth Plan	
						Month	Target.
						1	2
						2	4
						3	6
						4	8
						5	10

						Book	
						#	Pages.
						1	200
						2	400
						3	600
						4	800
						5	1000

- Which year had the highest sales of books? \_\_\_\_\_
- What is profit from sales of books in year 1994? \_\_\_\_\_
- Which year has lowest sales of books? \_\_\_\_\_
- What are the sales of books in 1992 and 1994? \_\_\_\_\_
- What is difference in sales of books between 1996 and 1994? \_\_\_\_\_
- Which age has the most population growth? \_\_\_\_\_
- Which age group has least population growth in females? \_\_\_\_\_
- What is total population growth of males and females in age group 20? \_\_\_\_\_
- What is total population growth in age group 40? \_\_\_\_\_
- What is the gender difference in population growth in Age 20? \_\_\_\_\_
- Which month has the most target points? \_\_\_\_\_
- Which month has the least target points? \_\_\_\_\_
- What is the target in month 3? \_\_\_\_\_
- What is the target in month 2? \_\_\_\_\_
- What should the total target be in month 3 to 5? \_\_\_\_\_
- Which book has the most pages? \_\_\_\_\_
- Which book has the fewest pages? \_\_\_\_\_
- What is total number of pages in book 3 and 4? \_\_\_\_\_
- Which book has 600 pages? \_\_\_\_\_
- Which book has 1000 pages? \_\_\_\_\_
