

## Introduction: Single Digit Multiplication Tables

Multiplication is basically repeated addition of the same number for given number of times, e.g.  $7 \times 3$  means 7 added 3 times or vice-versa.

## Intermediate Skills

Multiply 9	
6	
5	
7	
1	

Multiply the number in the top row with number in the given in rows below and write the product in adjacent column. Perform similar calculation with numbers given in adjacent rows

**Answer: 54, 45, 63, 9**

## Intermediate Skills Practice

Multiply 6	
8	
5	
2	
1	

Multiply the number in the top row with number in the given in rows below and write the product in adjacent column. Perform similar calculation with numbers given in adjacent rows

**Answer: 48, 30, 12, 6**

## Practice Problems

A

Multiply 6	
2	
4	
10	
6	

B

Multiply 8	
3	
9	
4	
10
